Your privacy is important to us!

- This policy explains our online information practices and the choices you can make about the way your information is used on our website.

The Information We Collect

- The website of PARKONIC is designed so that you can freely browse it for information without revealing personal data. PARKONIC does not collect personally identifiable information about you – such as your name, telephone number, fax number, e-mail address, etc. – unless you choose to fill out our forms, which are available on the website or when you e-mail us directly.

Use of Information about You

- We use personally identifiable information you provide solely to respond to your inquiry. Any such information gathered will be shared, if appropriate, with authorized representatives of PARKONIC and will not share, rent, or sell your personally identifiable information outside the company.
- If you are interested in applying for a job at PARKONIC and choose to submit resume information by email, we will use it only for the internal application review process. We will not voluntarily share, rent or sell it outside the organization. However, it is possible, though unlikely, that we might be obliged to disclose personally identifiable information in response to legal process or when we believe in good faith that the law requires it, for example, in response to a court order or a law enforcement agency's request.

Our Commitment to Security

- We employ security measures to prevent unauthorized access to information that we collect online. However, we cannot guarantee the security of your personal information.

Revisions to our Privacy Policy

- We reserve the right to revise this policy or any part of it from time to time. Please review the policy periodically for changes.
- If you have any questions or concerns about the privacy policy of PARKONIC or its implementation, you may contact us at Marketingteam@Valtrans.Org. If at any time you decide that we should no longer hold any of your personal data, or wish to change the use to which any such data can be put, please let us know by emailing us at the same e-mail address.
